

Teacher for a Day

Student Name: _____

Month to use this award: _____

Topic: _____

At the end of my lesson, I hope my classmates will be able to _____

(Examples: do better with Minecraft; perform a dance move; remember when the Statue of Liberty was built; know some of Lebron James' biography...)

I plan on using the following things when I teach the class:

(you can check off more than one!)

- Talk directly to the class
- Have the class read out of a book (The teacher can make copies)
- Have the class read an article printed from the internet (The teacher can make copies)
- Show a video
- Play a game
- Do an activity
- Give a quiz or test
- Other: _____

Things to remember:

- You must supply any extra materials you use
 - If you want to give a quiz, you will have to make it
 - If you want to show a video or read an article, you will have to find it
- You will have to answer all student questions
 - Make sure you read articles first, so you can help with hard vocabulary!
- The teacher can make any extra copies that you need made
- If you need ideas of what to do, the teacher will help you
- You get 20 - 30 minutes to teach the class
